

Free BlackBerry™ Trial Offer

Whilst we like to think we can wax lyrical with the best of them when it comes to describing the productivity gains available through mobile access to email, we realise that there's nothing quite like first-hand experience.

As a result, in association with our mobility partners, BT Mobile, we are delighted to be able to offer, a no-cost and no commitment trial of the BlackBerry experience.

The Big Print

The trial package we have put together is no cost and no commitment and includes:

- ✘ One month trial access to the full BlackBerry experience
- ✘ Free calls and unlimited data allowance for web browsing and email for the duration of the trial
- ✘ Up to 5 BlackBerry handsets for the duration of the trial
- ✘ Installation and configuration of BlackBerry software
- ✘ No cost end-user support for the duration of the trial

The Small Print

The only things not included in this trial offer are:

- ✘ Calls and data whilst roaming outside the U.K.
(SIM cards will not be roaming-enabled so no costs will be incurred).

Where do I sign up?

Simply call our consulting team on **028 9442 7000** or email mobility@nitec.com to express your interest.
